

Off-Campus Access to Electronic Resources

Authentication for Electronic Resources

Access to electronic resources is a service provided by the [Hertie Library](#) available only to faculty, staff, and currently enrolled students of the Hertie School due to licensing and copyright agreements with vendors and publishers.

On-Campus Access

If you are using a computer on campus that is connected to the Hertie School campus network, you will be connected automatically to library electronic resources and no log-in is required.
